

# Rithik Raj

## Mechanical Engineer

I am Rithik Raj and I recently completed a diploma in Mechanical Engineering from Malabar Poly Technic Kottakkal. During my studies, I gained a solid foundation in the fundamental principles and applications of mechanical engineering, including engineering design, thermodynamics, mechanics of materials, and manufacturing processes. As a recent graduate, I am excited to apply my skills and knowledge to a career in mechanical engineering. My areas of interest include design and manufacturing, and I am proficient in various CAD software, such as SolidWorks and AutoCAD.

## SKILLS

AUTOCAD

DESIGNING

TECHNICAL  
KNOWLEDGE

CREATIVITY

## LANGUAGES

Malayalam  
*Native or Bilingual Proficiency*

English  
*Professional Working Proficiency*

Tamil  
*Limited Working Proficiency*

## INTERESTS

Automation and control

Research and  
development

Designing and  
developing

## EDUCATION

### Diploma In Mechanical Engineering Malabar PolyTechnic College ,Kottakkal

10/2020 - Present

## PERSONAL PROJECTS

### MIRADOR (11/2022 - 01/2023)

- A project that involves huts could be the construction of an eco-friendly hut . This project could aim to provide tourists with a unique and authentic experience of living in a hut while also promoting environmental sustainability and supporting the local economy. The huts would be designed to blend in with the natural environment and provide guests with a comfortable and relaxing experience.

Project Name

## ACHIEVEMENTS

Successfully completing my mini project can be very satisfying, as it shows that you have put your skills and knowledge to use in a meaningful way.

Mini projects can be excellent learning opportunities, as they allow you to gain experience in applying theoretical concepts and learn new practical skills.
