About Me

As a skilled MERN Stack developer, I am dedicated to crafting cutting-edge web applications using MongoDB, Express.js, React.js, and Node.js. With a keen eye for detail and a commitment to clean and maintainable code, I strive to create elegant solutions that deliver seamless user experiences and drive innovation.

Skills

- HTML5 & CSS 3
- Javascript & ReactJS
- NodeJS & ExpressJS
- MongoDB & AWS
- Bootstrap , MUI & Chakra UI
- User Interface & User Experience

Expertise

- Full-stack Development
- RESTful API Development
- Frontend Development
- Database Management
- Responsive Web Design

Achievements

Aug 2017| Tamil Nadu Govt.
Perunthalaivar Kamarajar Award

May 2022| AAGAC, Namakkal.
Badminton Winner

Projects

Jan 22

Drinks Buddy | <https://chego-store.netlify.app>

Leveraged MongoDB, Express.js, React.js, and Node.js to create a dynamic and responsive drinks ordering website.Utilized Reactstrap framework for visually appealing frontend UI/UX.Efficiently managed state and data flow with Redux, resulting in a seamless user experience with smooth navigation and efficient data retrieval.

Mar 22

Chat App | <https://chat-fe-8kpa.onrender.com>.

This chat application project that incorporated Socket.io, Redux, and MongoDB, Express.js, React.js, and Node.js. The application allowed real-time communication and seamless messaging with efficient state management. This project demonstrates my expertise in MERN Stack development and my ability to integrate technologies for interactive web applications.

Mar 22

Tour App | <https://travego-na.netlify.app>

I have completed a tour application project using the MERN Stack, showcasing my skills in MongoDB, Express.js, React.js, and Node.js. The project allowed users to browse and book tours through a responsive and user-friendly interface, highlighting my expertise in building web applications with the MERN Stack.

Apr 22

EliteMail Pro | <https://bulk-email-tool.netlify.app>

NodeMailer - A cutting-edge MERN web app for efficient bulk email management.Harnessing the power of Node.js, NodeMailer enables easy sending of bulk emails to groups of people.Simplify your email campaigns with NodeMailer's powerful features and streamline your communication with your target audience like never before.
